

## **2-hour Delayed Start Time**

**A 2-hour delay start time for school may be a possibility due to poor forecasted weather conditions or dangerous wind chill factors. If the 2-hour delay goes into effect a School Reach will be phoned by 6:00pm the prior evening. The school building will be open at regular time so that if parents need to drop off students, they may do so and students will be supervised. Teachers will be expected to the best of their ability to be at school at the regular time. If the school day does end up getting cancelled a new School Reach will be sent out the morning of the delay and students will be bussed home unless contacted by parents.**
